**AMERICAN  
MIDDLE EAST  
INSTITUTE**

The American Middle East Institute (AMEI) is an independent, non-profit organization, headquartered in Pittsburgh, Pennsylvania. AMEI is focused on building business, educational and cultural ties between the United States and the countries of the Middle East. We believe these kinds of connections represent a powerful form of diplomacy.

### FILM ABOUT PITTSBURGH

### BUSINESS ENVIRONMENT IN EGYPT

Remarks: Minister of Trade, Industry & Investment  
H.E. Mounir Fakhry AbdelNour

### INTRODUCTION OF PANELS

#### Strengthening Areas of Cooperation between our Countries

Remarks: H.E. Professor Dr. Ibrahim Ahmed El-Dimeery,  
Minister of Transportation

### ENERGY & WATER PANEL DISCUSSION

#### Panel 1 – Nuclear Energy

Chaired by: H.E. Dr. Mohamed Shaker, Minister of Electricity

Presenters: Michael Waite, Westinghouse Electric Company  
Dr. Osama El Said, AMCHAM Egypt Energy  
Committee and Masa Electro  
Wael Hamdy, El Sewedy Electric  
Dr. Khalil Yasso, Nuclear Power Plant Authority

#### Panel 2 – Alternative & Renewable Energy & Energy-Saving Practices

Presenters: Frank Ackland, EATON Corporation  
Emad Hassan, Energy Efficiency Consultant

### Coffee Break

#### Panel 3 – Water Desalination and Treatment

Chaired by: H.E. Dr. Mahmoud Abu Zeid, President  
of Arab Water Council & Former Minister of Water  
Resources and Irrigation

Presenters: Riad Dib, Aquatech International

### HEALTH PANEL DISCUSSION

#### HEALTH AND HEALTH TECHNOLOGY

Chaired by: H.E. Professor Adel Adawy, Minister of  
Health and Population

#### Panel 1 – New Dimensions in Health Insurance & Integrated Health Care

Presenters: Lutfi El Zein, MEDGULF

George Howard, Assist America  
Tom Santone, Allegheny Health Network  
Dr. Makram Mehany, Global NAPI Pharmaceutical  
Prof. Dr. Ashraf Hatem  
Prof. Dr Wagida Anwar, Ain Shams University  
Dr. Ali Hegazi

### Coffee Break

### Luncheon

*Lunch has been graciously underwritten by the American Chamber of  
Commerce in Egypt*

#### Panel 2 – High-Tech Laboratories & Remote Training & Management Through “Tele-Health Medicine”

Chaired by: H.E. Professor Adel Adawy, Minister of  
Health and Population

Presenters: Yasser Ismail, Thermo Fisher Scientific  
Harun Rashid, UPMC Children’s Hospital  
“Tele-health”  
Prof. Dr. Hanaa Amer  
Prof. Dr. Husein Khaled

### EDUCATION PANEL DISCUSSION

#### EDUCATION TO MEET SOCIETY’S NEEDS

#### Panel 1 – Gifted Childrens’ Programs to Create Future Leaders & Creating Better Educators Through Proven Training Methods

Sector at the Supreme Council of Universities, and  
Professor, Helwan University

Presenter: Gil Taran, iCarnegie Global Learning of Carnegie  
Mellon University

### Closing Remarks

**4:30 PM – Adjournment**

**HIS EXCELLENCY  
PROFESSOR DR. ADEL ADAWY**

*Minister of Health and Population, Egypt*

Professor Adel Adawy was born in Giza in 1957, and started his career in 1980 after obtaining his Bachelor of Medicine, Bachelor of Surgery from Kasr El Aini Medical School, Faculty of Medicine, Cairo University. Dr. Adawy undertook his Masters Degree in Orthopaedic surgery in 1985 and his PhD in the same field in 1991 from Benha University, Egypt. Since then he has assumed various positions in the Faculty of Medicine Benha University, ending with being Professor of Orthopaedic surgery in 2001.

In 2011, after more than 30 years of research, professional practice serving patients in public and private sectors as well as academic work, he was appointed by a ministerial decree to Assistant Minister of Health for Curative Affairs including the supervision of National Ambulance Services. He was then appointed Manager of Strategic Planning Unit, Benha University in 2012, Vice President for Post-Graduate Research, Benha University in 2013, and President of Egyptian Orthopaedic Association (EOA) in 2013. In March 2014, he was given the responsibility of the Minister of Health and Population in Egypt.

Dr. Adawy is an internationally recognized scientist who is respected in the field of Orthopaedic. He has been invited to provide lectures in many universities and conferences around the world. Dr. Adawy supervised and discussed over 200 master and Ph.D. theses and dissertations. He has also published more than 30 peer reviewed papers in scientific journals.

He held numerous board membership positions in Egypt, regionally and internationally, including: Member of the Board of the Egyptian Orthopaedic Medicine Association, International Affiliate Member of the American Academy of Orthopaedic Surgeons (AAOS), International Affiliate Member of the Sicot International, International Affiliate Member of the ISAKOS, Member of the Pan Arab Association of Orthopaedic Surgeons, Member of the Middle East Spine Group Association, Member of the Egyptian Society of Osteoporosis, and Member of the Egyptian Group of Arthroscopy and Injuries.

**HIS EXCELLENCY PROFESSOR DR.  
IBRAHIM AHMED EL-DIMEERY**

*Minister of Transportation, Egypt*

Since graduating from Faculty of Engineering at Cairo University in civil engineering June 1962, Dr. El-Dimeery worked as teaching assistant then graduated to lecturer after obtaining his Ph.D in transportation planning from TH – Aachen Germany. He then served as an associate Professor and then Professor of transportation planning and traffic engineering since 1984 at the faculty of Engineering Ain Shams University.

Through his academic career at the university he took the responsibility as chairman of the Transportation Department at Ain Shams University faculty of engineering and then Vice Dean and Dean and Vice President of the university.

From 1999 to 2002 he was nominated as Minister of Transport and Maritime and Civil Aviation, after which he returned as Professor at faculty of Ain Shams University.

From 2003 until June 2013 he was the German University in Cairo counselor and BOT member and Dean of Faculty of Postgraduate and Research of the German University in Cairo. In addition to being a professor, he has also completed several transportation projects in Egypt, Gulf Area, Africa and Germany.

Dr. El-Dimeery is currently serving as the Minister of Transport of Egypt since July 2013.

## WELCOMING REMARKS

### **HIS EXCELLENCY DR. ISMAIL SALLAM**

*MD, PHD, FICS, FACS, FRCSP*

*Former Health Minister of Egypt; Chair,  
American Middle East Institute Advisory Council*

H.E. Dr. Ismail Sallam was the Minister of Health and Population of Egypt from 1996 to 2002. During his tenure, Dr. Sallam led sector reform strategy that changed the image of Egyptian health care and improved the country's key health indicator ranking to 43rd out of 191 countries (WHO, 2000).

An active member of the Egyptian Parliament for 16 years and a majority leader of the Upper Chamber. Dr. Sallam has served as Chairman of the Executive Council of the Arab Ministers of Health, the League of Arab States, the Executive Bureau of African Ministers of Health, and the Organization of African Unity (1997 – 2002). Dr. Sallam received the United Nations Award (2000), the Award of the World Health Organization Prize (1999), the Award of the American Academy of Emergency Medicine (2001) and the United States Surgeon General's Medallion, USA (2000) for leadership in developing a National Disease Prevention and Health Promotion Agenda for Egypt among other achievements.

He is currently a Professor of Cardiovascular Surgery and chairs three charitable organizations.

### **SIMIN YAZDGERDI CURTIS**

*President & Chief Executive Officer*

*American Middle East Institute*

Simin Yazdgerdi Curtis is President, CEO, and Founder of the American Middle East Institute (AMEI), a national, non-profit organization headquartered in Pittsburgh, which she launched in 2008. AMEI is dedicated to promoting business, educational and cultural ties between the United States and the countries of the Middle East, and has hosted many high-level delegations in Pittsburgh including several from Egypt, and has led many missions to the Middle East. Last June, AMEI hosted, with the Carnegie Museum of Natural History, the grand opening of the

Roads of Arabia exhibit and welcomed to town His Royal Highness Prince Sultan bin Salman, son of the Saudi Crown Prince. A graduate of Harvard University, Simin served for many years as Vice President of Greycourt & Co., Inc., an investment advisory firm she founded with her husband, Greg Curtis, that advises many of the world's wealthiest families. Active in many civic and business organizations, Simin is Honorary Consul of the Sultanate of Oman and is a 2013 Honoree of the Women & Girls Foundation for "Women Having a Global Impact."

## ENERGY & WATER PANEL DISCUSSION

*Westinghouse Nuclear Power*

Mr. Waite is, the Global Business Development Manager for Westinghouse Nuclear Power Plants and is the Lead for new opportunities in the MENA region.

He joined Westinghouse in 2009 and has since gained great experience in European, North African, Middle Eastern and South East Asian markets.

Prior to joining Westinghouse, Mr. Waite enjoyed 10 years in senior management positions in companies designing and manufacturing products for the global nuclear industry. He has spent his career working for major multinational corporations and been based on 3 different continents. Mr. Waite received his BEng Honours Degree in Mechanical Engineering in 1989 from Bath University.

#### **WAEEL HAMDY DAOUD**

*EL SEWEDY ELECTRIC S.A.E.*

Mr. Hamdy overlooks the Projects and Developments and is principally involved in EPC and O&M of I(W)PPs and T&D Networks especially in Middle East and Africa. Before EL SEWEDY he assumed several managerial positions with energy, oil & gas and hospitality companies in EGYPT and Romania. Wael holds an MBA and a B.Sc. in Power & Electrical Machinery Engineering complemented with 20-years of career in the field of power and energy industries.

## ENERGY & WATER PANEL DISCUSSION

### Panel 2 – Alternative & Renewable Energy & Energy-Saving Practices

#### **FRANK ACKLAND**

*EATON Corporation*

Francis Ackland is the General Manager, Middle East, Electrical Sector, and located in Dubai, United Arab Emirates. In his role, Ackland has responsibility for and oversight of the Middle East region. Ackland was recently the regional executive and general manager for GE Digital Energy (Transmission and Distribution) in the Middle East and Africa.

Prior to this, Ackland worked for Alstom Grid for more than 25 years holding numerous roles of increasing responsibility across various international markets including Europe, Africa, Middle East, India, and Southeast Asia.

Ackland holds a master's degree in business administration from the University of Derby and a Higher National Certificate in electrical engineering from Staffordshire University, both in the U.K.

## **EMAD HASSAN**

Mr. Hassan is an energy efficiency professional with 30 years of global experience focusing on the demand side. In Egypt, he served as an advisor to the Egyptian Cabinet's Supreme Energy Council (2009-12) on demand-side efficiency options, regulations and relevant policies. During this post, he led the development of an energy efficiency roadmap for Egypt. Until recently, he was a Principal at Nexant, a global energy consulting firm and in 2009, he was a member of the team that produced a study on Egypt's strategic energy options through 2030. Earlier in his career, he worked at one of the U.S. pioneering utilities in energy efficiency where he was actively involved in the development and implementation of EE solutions and DSM regulated market programs. He is currently in transition to join the Ministry of Tourism to oversee its green transformation.

## **ENERGY & WATER PANEL DISCUSSION**

### **Panel 3 - Water Desalination and Treatment**

## **RIAD DIB**

*Aquatech International*

Mr. Dib is an executive with over 24 years expertise in water desalination of municipals and oil fields, industrial water and wastewater treatment, recycle reuse, zero liquid discharge, energy integration, engineering economics and financial evaluation. He has extensive technical experience, along with a strong background in national and global business development management. Mr. Dib is a specialist with EPC, DBO, BOOT, DFBOOT, IWPP and other types of projects delivery, project lifetime cycle analysis, feasibility studies and other financial analysis.

He holds a BSC of Engineering from Beirut University. A Master Certificate in Desalination Technologies from the University of South Florida. In 2012 he received his MBA in Business Strategy from Cornell University.
